PRINCESS LINE - GARMENTS

This is the easiest style to use wearing clothes to be stylish and definitely well fitted! Any seam in a garment offers an opportunity to adjust fit, but vertical seams are most helpful when it comes to increasing or decreasing circumference measurements.

Draft your pattern remember the dots on the waistline should be your BUST MEASUREMENT. Cut the pattern front and back out. Don't separate the pattern

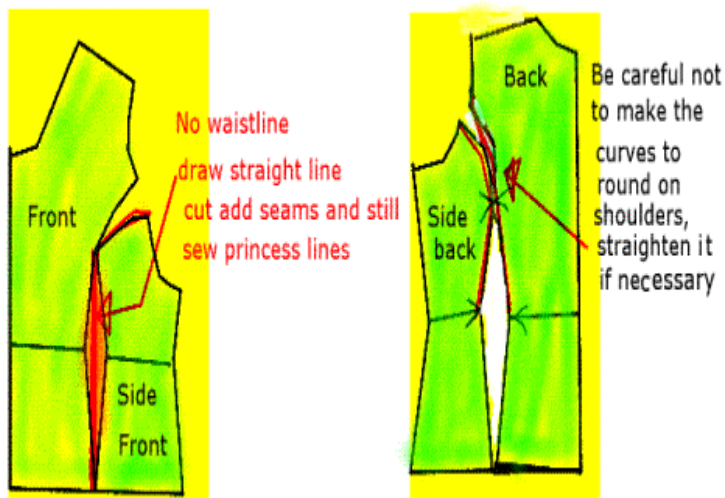

pieces as yet.

Supplement 260 - Spring Edition

The most recent Supplement number 260 (Spring) is now available. In there, you will find the

following interesting patterns:

Skirts:

- Different style - tiered skirt .
- Denim skirt Faced, with zips and interesting pockets A-line shaped with pockets
- Flared skirt with waistband cut on the bias!
- 4-Gore skirt, change it and cut it on the bias, experiment with drape of fabric good fun to do.
- Elasticized waist skirt, not my favorite but with the right choice of fabric could be very comfortable.

Trousers;

- Hipster with shaped waistband and bold zip front!
- Faced Trousers in stretch fabric narrow leg, very stylish
- Casual trousers with comfy wide legs and interesting pockets!

Dresses:

- Shift dress-V-neck with optional darts so you can decide on how fitted you want it to be.
- Another very nice V-neck line without sleeves, the V-neck forms the shoulder bands very interesting could use this one as a very interesting evening gown by just different choice of fabric. For those of you that always have the heat thinking of Townsville this is a must!
- Also a shaped summer dress with added frill on hemline if wanted nice thin shoulder straps and for those of us that feel chilly quite quickly it goes with short bolero jacket over it, I would like to make this up in a thick rich lace fabric, need of a wedding now!
- Empire style dress very flirty with shoestring straps and another one with a soft sleeve and a frill as a collar or a very shaped collar!

Tops: - All sorts

- T-shirt with peeping arms, very sexy!
- T-shirt style with very interesting neckline inserting some lace – Definite must!
- Shirts with collars and added frills, tie-neck collar and with interesting sleeve and cuff details.

Jackets:

- Good fitted jacket with rolled collar one button in stretch abric,yeah!
Variation of the Chanelle jacket
- Loose casual jacket that could be use for a trench coat as well.

Loose overthrow:

- Had a request – “something it looks just like a sort of square, stitched under the arms with a V-neckline, when you’ve got it on it flirts about not a straight hemline”
- I hope this one is what you meant, I made it and love it did some variations with my neckline!

Fuller figure

You got spoiled in this supplement!

- A proper suit, skirt, trousers and jacket with two buttons. A blouse that can be very smart or casual with buttons or zip.
- Also casual trousers and skirt with added yoke at back.
- Smart or casual straight skirt in stretch fabric with stretch princess-line top
