

Treat yourself to a new learning adventure!

Sonja has been using this system for the last 25 years, making all her clothes as well as wedding dresses of the three daughters using this system. She loves to share her valuable 'Lutterloh Pattern Making' knowledge and tips

Maternity Wear designing with Lutterloh

Maternity wear has at long last become more attractive. Now with the volume silhouette back in fashion, the early months of pregnancies are even more easily accommodated with normal clothes.

With this project, we are going to start with a few basics (trouser, skirt & t-shirt) - inserting pieces or changing design lines using your master pattern to convert it to maternity wear. These patterns you can use for all seasons, made individual with the careful choice of fabric and a little creative variation; you'll have heaps of options in making your new wardrobe for this exciting stage.

You will need trousers and a few skirts - expandable as the time goes on - tops to mix and match with your bottoms. This will give you more versatility and you won't get so sick of the same old clothes. We're also using a Empire-dress pattern and do changes with it using it as a dress or shortening it for additional tops.

Price: A\$29

Once you have ordered the Project, we will email the contents of the project and patterns to you within 24 hours. This will allow you to work through the Projects in your own time (whenever and where-ever you want to) and pose questions to Sonja during the set time frames.
