## **Lined Jackets with Lutterloh**

The purpose of lining is to add comfort of the wearer, preserve the shape of a garment or add body to it. Also to conceal construction details and raw edges of fabric, thus giving a finished appearance to the inside of the garment. A neatly applied lining usually adds to a garment quality.

Following the easy step-by-step instructions of the Lined Jackets Online Project on different techniques on lining, interfacing and fitting your collar, will make them so much more professional.

### **Lessons Include:**
